# The Federal Stimulus: What It Means for Your Child in Special Education

The federal stimulus bill, known as the American Recovery and Reinvestment Act, will provide additional special education funding to schools for the next two years. For Minnesota, this will mean an estimated increase of \$205 million for special education.

This workshop is for parents who want to learn more about:

- The federal stimulus bill and its impact on special education in schools
- How parents can make sure schools use the money appropriately on special education priorities
