# Everything You Need to Learn Before Your Child Turns 3

The Individuals with Disabilities Education Act (IDEA) requires states to provide certain services to eligible children with disabilities. Children up to age 3 receive early childhood services under Part C of IDEA. Children ages 3 to 5 receive preschool services under Part B. This free workshop will help parents understand the important aspects of transitioning from Part C to Part B services.

Participants will learn about:

- The different criteria for Part C and Part B services
- The transition from Part C to Part B services
- Natural environments and least restrictive environments
- Community-based options for services to support inclusion
- Families' rights within the special education process
- The importance of writing measurable goals and objectives

Sponsored by PACER's Family Information and Resources Project. Funding for this workshop is made possible with a grant from the Minnesota Department of Education. The source of the funds is from federal awards, Special Education Part B 619 and Part C.
