

Together, we're creating a new and exciting chapter in serving people with disabilities.

We are pioneering life-changing services that empower the people we serve to thrive.

Why AbleLight?

When we first opened our doors in 1904, we were a small Wisconsin organization serving just five people. Over the years, the organization known as Bethesda became a national leader that changed the lives of tens of thousands of people with intellectual and developmental disabilities. Now we've become AbleLight — **and we believe the world shines brighter when people with disabilities achieve their full potential.**

OPEN ARMS

We include all people, cherish the opportunity to improve lives, and humbly accept our responsibility to lead by example. Guided by our Christian mission, we welcome, serve, and love every person.

INNOVATION FOR GOOD

Leading the advancement of our field for the benefit of those we serve, we set the standard for excellence with a bold and relentless approach to innovation. Inherent in our DNA is a drive for continuous progress to make life-changing impact.

SUPPORT FOR THE WHOLE PERSON

We move beyond expectations, addressing the whole person so everyone can make the most of their abilities. With expertise across a truly unmatched set of services, we address the total well-being of every person.

Our Promise

At AbleLight, we've made a promise — to the people we serve, to our supporters, to our employees, and to the disability field itself.

That promise? **To pioneer life-changing services that empower the people we serve to thrive.** Our services meet the needs and exceed the expectations of the whole person through their entire life.

Our Principles

The AbleLight team is guided by core principles that set us apart from other providers and allow us to make a **positive impact on people with disabilities and their families.**

Our whole person approach supports:

Thriving for a Lifetime.

Safe and Loving Homes

A great life starts with a great home. We offer a variety of housing options to meet every need, including group homes, supported living and host home arrangements. Our latest innovation is AbleLight Cornerstone Village, a first-of-its-kind residential community uniting individuals with disabilities with people of all abilities in a loving, welcoming environment. Our housing options help people live as independently as possible while maintaining a meaningful connection to their community.

Community and Faith

A strong connection to the community is key to a life well lived. We make that connection through day programs, virtual programming, faith connections, and volunteering options that bring people together.

Independence and Wellbeing

We make it possible to achieve joy in daily living. Through our Behavior Supports, we provide individualized treatment plans for people with disabilities and their families to promote positive behavior change. Our one-on-one support guides the transition from school-based services to independent living, and from adult living skills to on-the-job support. Our AbleLight College builds life and work skills in young adults, getting them ready to dream big and accomplish more.
